

AMS Integration Guide

... [Content truncated for Sanity due to size. Full version available in website files.]

The screenshot shows a dark-themed dashboard with a top navigation bar containing a search field and user profile icons. Below the navigation bar is a menu with categories: All, Apps, Analytics, Towers, Device Integrations, Alarm Management System, and MY SUBSCRIPTIONS. The main content area features three cards: 1) 'NOVA99x' with a bell icon and a 'TRY NOW' button; 2) 'HealthCheck Advanced' with a heart icon and an 'EXPLORE' button; 3) 'ZenMode' with a grid icon and an 'EXPLORE' button. A bottom bar contains three sections: 'CLICK ON EXPLORE TO BEGIN THE PROCESS', 'CHOOSE YOUR SUBSCRIPTION PLAN', and 'ENJOY ENHANCED SECURITY'.

Discover the game-changing feature

NOVA99x

False alarms are the biggest source of operator fatigue. NOVA99x solves this by filtering out up to 99% of noise, so operators can focus on what's real.

- Up to 5 hours saved each shift means less wasted time chasing ghosts...

[TRY NOW →](#)

HealthCheck Advanced

Manual camera checks eat up hours and distract from real monitoring.

[EXPLORE →](#)

ZenMode

Endless alerts create fatigue and slow reactions. ZenMode filters out noise.

[EXPLORE →](#)
